

DAVID AND DEBBIE ZAPPE

David and Debbie Zappe, both retired, moved to McKinney in April 2006 to be closer to their 2 year old grandson. Isn't that why all retirees move here? As Southern Californians, giving up the beach and mountains for the plains has been a little difficult but more than offset by being close to family. David has a '66 Volkswagen (poor mans Porsche) that was his daily driver for 27 years and a 2000 Porsche Boxster. Debbie loves her 2003 Mini Cooper "S".

Making new friends hasn't been easy, nor has leaving old ones in California. Friends are now being made at church and also through Morning Maniacs. The Maniacs are a great group of people with interests as wide ranging as the cars they drive.
