

NORM & SANDY MODER

1. I've been interested in cars since I was a teenager....actually I tried naming cars since I was about 8 to 10 years old.
2. I say the Corvette on the internet sight for Corvettes of Dallas.
3. It is an 85, and when I bought it, I was the 4th owner and it had 48,000 original miles on it. (I have all the original documentation for it....including a maintenance history.)
4. I always wanted a Corvette, but never could afford one. (to me the real Corvette is the 63 - 66 Stingray, but this one will have to do.)
5. The car is all original; I've done NO modifications on it. I've owned it for 2 and a half years, and put 30,000 miles on it, since its a daily driver.
6. I paid \$10,500 for it.

(This is basically called "owning a vette on a budget....")
